The State Agency on Intellectual Property (AGEPI) participated, from 13 to 15 September, in the 10th edition of the International Exhibition of Inventions and the World Invention and Innovation Forum IEI & WIIF 2018 in Foshan, China. The event was organized by the China Association of Inventions (CAI) and the Foshan City government.

The exhibition is recognized as an important event in the field of innovation, bringing together over 3000 exhibitors from 44 countries and attracted investors and companies around the world. On the exhibition stands were presented mostly inventions in the field of health, medicine, environment and security, innovation, artificial intelligence, etc.

The Republic of Moldova was represented by the State Agency on Intellectual Property (AGEPI) at the International Exhibition of Inventions and the World Invention and Innovation Forum IEI & WIIF 2018. On the AGEPI stand were exhibited three inventions of the Moldovan inventors who were registered for the exhibition, being appreciated with two gold medals and a silver one. At the same time, on the AGEPI exhibition stand were presented informative materials referring to the national intellectual property system and was provided information on the International Exhibition "INFOINVENT", which will take place from 20 to 23 November 2019.

Traditionally, AGEPI has selected and mentioned the most interesting inventions presented in the framework of the Exhibition. During the event, three medals were awarded for the inventions presented by the inventors from Romania, the Russian Federation and France.
