02/21/2020 Information

As of 17 February 2020, The Intellectual Property Office of New Zealand (IPONZ) has made its trade mark data available to the TMview search tool.

With IPONZ on board of TMview, the tool now contains data from 73 participating offices.

With the addition of more than 685.000 trade marks from IPONZ, TMview provides information and access to more than 57 million trade marks in total.

Since the introduction of TMview on 13 April 2010, the tool has served more than 67 million searches from 169 different countries, with Spain, China and Germany among the most frequent users.

The integration of IPONZ is a concrete result of the International Cooperation programme managed by EUIPO in collaboration with its international partners.
