04/29/2020 Information

The International Bureau of the World Intellectual Property Organization (WIPO) published, on March 31, 2020, the list of symbols, the protection of which was requested under Article 6ter of the Paris Convention for the Protection of Industrial Property.

If you consider that extending protection to one of the notified signs may prejudice the rights in respect of a previous trademark or other intellectual property right, you may file an objection to this.

Objections regarding the protection of any of these signs must be submitted to AGEPI within 12 months from the date of publication (until March 31, 2021). The formulated objections shall be submitted free of charge, in writing, in the state language.

For more information please contact us at tel. no.: 022-400-541, or to the e-mail address: Natalia.Mogol@agepi.gov.md [1].

Article 6ter of the Paris Convention establishes the legal instrument to protect the official signs of the States party to the Paris Convention and the names and emblems of international intergovernmental organizations against their unauthorized registration or imitations from a heraldic point of view as trademarks.
