05/04/2022 Events

The World Intellectual Property Organization (WIPO) is organizing on 5 May, 2022, in online format, the Workshop on the Determinants of COVID-19 Vaccine Development Success.

The workshop will present the key findings of a recent study: *The Determinants of COVID-19 Vaccine Development Success*, prepared by Ms. Rena M. Conti, Associate Professor in the Department of Markets, Public Policy and Law and Co-Director of the Technology Policy and Research Institute at the Boston University Questrom School of Business.

The discussions will be attended by specialists from UNICEF, World Health Organization (WHO), in the field of civil law, economics, research, immunization, etc.

The workshop is open to the interested public, and participation requires prior registration (by May 4, 2022, inclusive). The event will be held in English, no interpretation into other languages will be available, starting at 15:00 (Moldovan time).

Any additional information about the event as well as the registration link can be found here [1]
