

05/15/2023 Events

The State Agency on Intellectual Property (AGEPI) participated in the 15th edition of the European Exhibition of Creativity and Innovation EUROINVENT-2023, held from 11 to 13 May, in Iasi, Romania.

The event brought together inventors, researchers, students and doctoral students from over 35 countries, giving them an ideal platform to present their inventions and innovations in various fields.

AGEPI was present at the exhibition with an information stand. The agency's specialists provided consultations on the theoretical and practical aspects of intellectual property protection in the Republic of Moldova and distributed promotional materials to both exhibitors and visitors. AGEPI specialists also launched the invitation to participate in the International Specialized Exhibition "INFOINVENT", which will take place in November this year.

The participation of AGEPI specialists in EUROINVENT-2023 resulted in a series of fruitful interactions with specialists and professionals in the field of innovation, providing the opportunity to strengthen international cooperations and promote inventions and innovations from the Republic of Moldova.

AGEPI continues to support scientific research, technological development and the promotion of innovation in the country. Participation in prestigious international events such as EUROINVENT-2023 represents an important step in strengthening the position of the Republic of Moldova in the global landscape of innovation and creativity.

Traditionally, the State Agency on Intellectual Property selected and mentioned with distinctions three of the most interesting inventions presented during the event.

The exhibition EUROINVENT was organized by the Romanian Inventors Forum, together with the Gheorghe Asachi Technical University of Iași, Europe Direct Iasi, Alexandru Ioan Cuza University of Iași in partnership with the National Institute for Research and Development in Environmental Protection (NIRDEP), Moldova National Museum Complex Iasi, Gheorghe Enescu University of Arts from Iasi, with the support of the Gr. T. Popa University of Medicine and Pharmacy of Iasi, Universiti Malaysia Perlis, Czestochowa University of Technology, Poland.
