10/30/2023 Events

The State Agency on Intellectual Property (AGEPI) participated from October 25 to 27, 2023, in the 21st edition of the International Exhibition of Research, Innovations and Inventions PRO INVENT, held in Cluj-Napoca, Romania.

More than 350 inventions were registered this year in the event, from universities, institutes, research centers, companies, associations of inventors or natural persons.

Over the course of three days, both the general public and innovation specialists had the opportunity to admire innovations from fields as diverse as mechanics, engines, machinery, electronics, electricity, sanitary, ventilation, heating, health, medicine, cosmetics, agriculture, horticulture, food, beverages, energy and environmental protection.

AGEPI participated in the Exhibition with an informative stand where promotional materials were distributed. At the same time, information and consultations were provided about the national intellectual property system and about the validation of European patents on the territory of the Republic of Moldova.

AGEPI specialists have also issued a special invitation for all those interested to participate in the International Specialized Exhibition “INFOINVENT”, which will take place on November 22-24, 2023. This exhibition is another large-scale event that highlights innovations, technological breakthroughs and research projects.

The Exhibition PROINVENT remains a reference forum for researchers, inventors, universities and companies, offering them a valuable platform to present their innovations and technological projects, as well as to interact with potential partners or investors.
