09/27/2024 Events

The representatives of the State Agency on Intellectual Property (AGEPI) participated on September 26, 2024, in the opening of the 27th edition of the International Specialized Exhibition “MoldMedizin & MoldDent”. The event, organized at the International Exhibition Center “Moldexpo” on September 26-29, brought together over 70 companies from the Republic of Moldova, Germany, Romania, Turkey and Ukraine.

For the first time, the exhibition also integrated the Medical Tourism section from Moldova, presenting more than 20 international clinics with world-class medical and aesthetic services.

The exhibition brought together national and international medical equipment suppliers, private clinics and health experts. Visitors have the opportunity to access special offers, live demonstrations, interactive workshops and networking sessions with industry professionals. An area dedicated to yoga sessions, relaxing massage and consultations with dieticians and nutritionists has also been created.

AGEPI specialists played an active role in the promotion of intellectual property, providing free consultancy and distributing informational materials on the protection of intellectual property rights. At the same time, they invited the participants to register for the International Specialized Exhibition “INFOINVENT” in 2025.

The Exhibition “MoldMedizin & MoldDent” will remain open until September 29, 2024, and admission is free.
