03/02/2026 Events

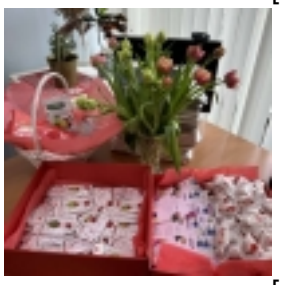

As in other years, this beginning of spring is also charged with the emotion of such a long, but immortal tradition: the white and red Martisor (Mărțișor), worn on the heart, in which story and reality intertwine.

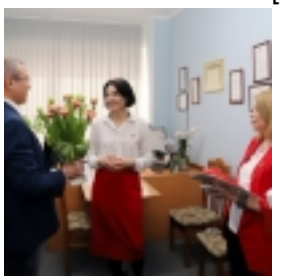

However, the spring of 2026 brought back to the hearts of the employees of the State Agency on Intellectual Property not only the joy of the traditional Martisor, this symbol of the rebirth of nature, of love and hope, but also the feeling of pride for our colleagues who have celebrated 15, 25 and 30 years of fruitful activity in the field of intellectual property.

In an atmosphere of deep cordiality, elegance and sensitivity, Ms. Natalia Mogol, Deputy Director of AGEPI, addressed warm congratulatory messages to the distinguished team colleagues, offering them diplomas of thanks and gratitude for their dedication and professionalism. Thanks to their sustained effort, the AGEPI team has recorded notable successes over the years, becoming today a modern and competitive intellectual property office, capable of transforming intellectual property into a fundamental element of the lives of all creators in the Republic of Moldova.

Sharing the uplifting feelings of enthusiasm and joy that we all experience in this wonderful beginning of spring, the members of the AGEPI Trade Union Committee offered all employees traditional Marțișoare, wishing them a spring as inspiring as possible, with beautiful moments, full of joy and fulfillment.
