02/11/2013 Events

In the period from19 to 22 March 2013, in Cluj-Napoca, Romania, within the premises of the Complex “Expo Transilvania”, will be held the eleventh edition of the International Exhibition of Research, Innovation and Inventiveness “PRO INVENT-2013”.

The Exhibition is organized by the Technical University of Cluj-Napoca in collaboration with the “Expo Transylvania” J.S.C., in partnership with the Academy of Technical Sciences of Romania, Cluj branch, State Agency on Intellectual Property of the Republic of Moldova, Romanian Inventors Forum, State Office for Inventions and Trademarks of Romania.

The event is held under the aegis of the Ministry of Education, Youth and Sports and the National Authority for Scientific Research.

The Exhibition “PRO INVENT-2013” is desired to be, like the other editions, a place of meeting of inventors with both potential users and the general public. In the framework of the Exhibition will be presented and explored new elaborations in the field of scientific research, inventions and innovation.

Exhibition theme:

- Materials, processes and innovative products
- Energy
- Environment
- Health
- Agriculture

Interested persons will take part in the Stock of inventions (meetings of researchers, innovators and inventors with potential users and presentations of technologies and products), will establish scientific connections with the organizations of inventors in the participating countries.

Conditions of participation:
There are only accepted patented works (in the last five years) or in the course of patenting (with documents filed). Sending of the text will be made by e-mail in Word, preferably Arial, size 12, **up to February 25, 2013**.
