03/01/2016 Events

In the period 2-5 March 2016, the State Agency on Intellectual Property (AGEPI) will participate in the International Specialized Exhibition of Machinery, Equipment and Technologies for Agri-Industrial Sector “MOLDAGROTEH”, spring thirtieth edition.

The event traditionally takes place in the premises of the International Exhibition Center MOLDEXPO. The exhibition is organized by the host institution in collaboration with the Ministry of Agriculture and Food Industry.

In the exhibition, AGEPI will be present with an information stand. Specialists of the State Agency on Intellectual Property will provide consultancy on practical and theoretical aspects of protection of intellectual property objects, sources of information in this area and will distribute promotional materials to both exhibitors and visitors.

Also, on March 3, in the conference hall of IEC “Moldexpo”, starting at 12:00, AGEPI will organize a seminar entitled “Co-Ratio of Advantages and Risks in Developing and Implementing New Technologies”.

In the seminar will be discussed subjects on the advantages and disadvantages of the system of protection of new technologies, patenting procedure, limitations and importance of the protection of an invention and importance of patent documents as a source of technological, legal and business information.

Participation in the seminar is free, subject to availability.
