14.12.2007 Evenimente

In the period of February 5-8, 2008 in Chisinau on the territory of the IEC „MOLDEXPO” (str. Ghioceilor, 1) will take place the VII-th National Universal Exhibition „FABRICATED IN MOLDOVA” under the aegis of the Government of the Republic of Moldova. The organizers of the exhibition are the Ministry of the Economy and Commerce, the Chamber of Industry and Commerce and the National Association of Producers.

About 400 economical agents requested on participation thereof in the exhibition, the exhibition space being increased up to 3 thousand square meters.

According to the approved conception, the program of the VII edition includes a large spectrum of activities, comprising seminars and round tables in which there will take part businessmen, axed on the actual subject matters. In the frame of the exhibition for the first time will be organized a Moldo-Rusian Business Forum and an Economic Forum with an active youth participation.

The exhibition will finish with awarding the laureates of the competitions “The most contributable of the Year”, “The commercial trademark of 2007” and “The state prize in the field of the quality”.

The exhibition „FABRICATED IN MOLDOVA” is a good assistance for the businessmen to use in the optimal mode all the modern publicity-informational means related to the development of the marketing infrastructure, to find new business partners, obtain information on the state programs of developing the economy and sustaining the national producer.

The State Agency on Intellectual Property (AGEPI) will take part as usually in the work of the VII edition of this exhibition with the informational stand, according to the participants the qualified consultations on modes of intellectual property protection in the country and abroad. Moreover, AGEPI will organize two round tables in the frame of which the economic agents will be acquainted with the legal aspects of filing applications ad registering the intellectual property objects.
