31.03.2023 События

The State Agency on Intellectual Property (AGEPI) in cooperation with the Organization for the Development of Entrepreneurship (ODA) is organizing on April 12 an online event in the field of intellectual property with the title “Women and Intellectual Property: Accelerating Innovation and Creativity”. The webinar is open to all interested parties, especially women entrepreneurs and innovators.

The event will focus on the important role women play in developing and promoting innovation and creativity in various fields such as technology, art, design fashion industry and more. Through this webinar, the organizers want to encourage women to protect their creations by registering intellectual property rights (IPR), such as trademarks, design, patents or copyrights.

Participants in the event will have the opportunity to hear presentations from intellectual property specialists who will share their experiences and knowledge about the IPR registration process and its benefits. Also, during the webinar, the Support Program for digital innovations and technological startups and the concept of the Support Program for Women Entrepreneurs will be presented.

In addition to the presentations, the event will also include a question and answer session, which will give participants the opportunity to ask questions directly to the experts in the field.

Participation is free and will be done through an online platform.

Those wishing to participate are invited to complete the registration form available at the following link: https://bit.ly/3KndzqO [1].

For questions and details, you can write to us at the address: rodica.crijanovschi@agepi.gov.md [2] or you can contact us by phone at the number: (+373 22) 188 597.

The provisional program of the event can be accessed below.

The event is part of the series of events dedicated to World Intellectual Property Day, marked annually on April 26. *Women and Intellectual Property: Accelerating Innovation and Creativity* is the theme of World Intellectual Property Day 2023. This year, we celebrate the attitude and innovative work of women inventors, creators and entrepreneurs around the world.
