13.02.2009 События

In order to promote the results of scientific research activity obtained by institutions and organizations in Moldova in the sphere of science and innovation projects, funded by state fully or partially, the State Agency on Intellectual Property (AGEPI) has developed and edited the Collection of abstracts “Reports on research in the field of science and innovation”, which includes summaries of scientific reports on projects completed in 2005-2007, and registered in database “Scientific results” (http://www.db.agepi.md/ [1]), developed and managed by AGEPI, in accordance with the provisions of the Code on Science and Innovation No. 259-XV of July 15, 2004.

The Collection can be purchased at the Center for Information and Documentation in intellectual property (IP CID) AGEPI or in Catalog for subscription on the AGEPI publications 2009 (website: www.agepi.md [2]).

Publication cost - 35 lei.

Contact: Peter Racu, head of CID IP, phone. : 400596, 400597.
